Burlap Wrapped Embellished Letter

Create this burlap wrapped letter with a wooden letter of your choice, some burlap ribbon, and your favorite embellishments for a rustic-chic home decor piece!

Materials Checklist

- Wood letter #0992-N (or your choice of letter)
- Burlap ribbon of choice
- 26 gauge brown wire #3958-95 (or your choice)
- Pearls #1999-2547 (or your choice)
- Scissors
- Wire cutters
- Round nose pliers
- Hot glue

1. Hot glue the end of the burlap ribbon to the back of the letter, and then wrap burlap ribbon around the letter until it is completely covered.
2. Cut a 12" length of wire. Bend in half and slide several pearls onto one end. Coil the wire end around round nose pliers to hold the pearls in place. Repeat with other end of the wire.
3. Make a small burlap rose by rolling some of the burlap ribbon.
4. Glue the beaded wire loop to the letter and then glue the rose over the loop.
